The Honorable Tom Wolf, Governor
Office of the Governor
508 Main Capital Building
Harrisburg, PA 17120

Governor Wolf,

Erie County Government brought together our State Senators, State Representatives and the Mayors of Erie and Corry to get a sense of regional priorities. All levels of government weighed in on the question of top RACP projects and though not unanimous, it painted a picture through discussion and voting, these following three projects had the greatest overall support:

1. **Project Resolve – Erie:** \$8,000,000 - This project will construct the 8th building at the Knowledge Park Research Facility.
2. **Presque Isle Gateway District Improvements II:** \$7,400,000 - This project will improve the streetscape of West 8th Street, one of the major East West business corridors in the area..
3. **EMI Property Development II:** \$6,000,000 – Use of RACP funds and matching sources for renovations and construction (structural repairs, plumbing, HVAC, electrical, etc.) at the former EMI property as part of a large-scale economic development project.

We are grateful to Senators Laughlin and Brooks, Representatives Merski, Bizzarro, Sonney and Roae as well as Mayors Schember and Baker, for their participation. Thank you for your consideration and the opportunity to help improve Erie County with this funding. I look forward to your announcement.

Regards,
